A. LEGISLATION DIRECTLY AFFECTING LINE OPERATIONS

Also see "Drug Enforcement Legislation" and "Forfeiture Legislation."

1. Criminal Law

a. Animals, unlawful disposition

Using certain animals as an "advertising device or promotional display" is no longer included in the offense of unlawful disposition of animals. This provision, as written, prevented pet stores from displaying live animals or using live animals as a key element in any advertising. Obviously this wasn't the legislative intent and the decision of the legislature was to simply repeal this portion of the statute. Read the bill explainer. Amends KSA 21-6413. (Effective July 1, 2012. HB2318§28; 2012 Session Laws, chapter 150)

b. Blackmail

The blackmail statute is amended to include the culpability of "intentionally." Read the bill explainer. Amends KSA 21-5428. (Effective July 1, 2012. HB2792§3; 2012 Session Laws, chapter 166)

c. Bribery

This statute is amended to clarify giving an officer or other government employee or elected official something which the receiving person is permitted by law to receive is not bribery. For our usual application of this statute there is no substantive change. Read the bill explainer. Amends KSA 21-6001. (Effective July 1, 2012. HB2318§23; 2012 Session Laws, chapter 150)

d. Burglary

Unlawfully entering a structure, vehicle, etc. with intent to commit a sexually motivated crime is now burglary. This has been limited to intent to commit theft, a felony, or sexual battery. Sexually motivated crime is defined as any crime committed for the purpose of the defendants sexual gratification. So think photographing a person without their knowledge, eavesdropping (hidden cameras), vandalizing undergarments, and sick stuff like that. Just remember we will have to prove the defendant did those things for their own sexual gratification. Read the bill explainer. Amends KSA 21-5807. (Effective July 1, 2012. HB2318§19; 2012 Session Laws, chapter 150)

e. Children, reporting of missing or deceased

A new statute makes it a SL8 nonperson felony for a parent, legal guardian, or caretaker to fail to report the disappearance of a child under the age of 13; or for a parent guardian or caretaker to fail to report the death of a child. It is a class A misdemeanor for other persons required by law (subsection (a) of KSA 38-2223) to fail to report the death of a child. Read the bill explainer. Two new statutes. (Effective July 1, 2012. HB2534§1 and 2; 2012 Session Laws, chapter 119)

f. Conspiracy

Conspiracy requires two or more persons agreeing to commit a crime. The question would often arise whether conspiracy is still applicable if one of the parties alleged to conspire to commit a crime actually had no intent to commit the crime. For example, an undercover officer approached by a person to commit a crime. This amendment will clarify the belief of the offender that the co-conspirator intended to commit the crime is sufficient. Read the bill explainer. Amends KSA 21-5302. (Effective July 1, 2012. HB2318§3; 2012 Session Laws, chapter 150)

g. Criminal Trespass

SB314 amends the criminal trespass statute by adding posting as provided in KSA 32-1013, access by written permission only posted by signage or by purple painted markings to the list of ways property may be posted. The written permission must be carried by the permitted person while on the property. It does not change any other trespass provisions regarding fenced, locked, secured, etc. Read the bill explainer. Amends KSA 21-5808. (Effective July 1, 2012. SB314§3; 2012 Session Laws, chapter 154)

h. Endangerment

This is a new statute designed to cover reckless acts that expose another person to a "danger of great bodily harm or death." Violation is a class A misdemeanor. Read the bill explainer. New Statute. (Effective July 1, 2012. HB2318§1; 2012 Session Laws, chapter 150)

i. Escape

The law only covered escape from custody after a formal charge had been filed or after conviction. Some courts/prosecutors would support the charge if the person were in jail but not formally charged while others would not. Few courts would support the charge if the person was in police custody prior to booking into jail. Those cases would typically be charged as obstruction. This amendment includes escape after the "arrest" of a person. So once law enforcement has placed a person under arrest and has them in physical custody we will now be able to charge them with escape. The key is having them under our control and in custody. So the prisoner who is handcuffed and being taken to a patrol car that breaks away and flees would be charged with escape. The person arrested and in the patrol car and manages to get out and flee can be charged with escape. The person who is told they are under arrest and immediately runs without being in our physical control or custody will probably still be charged with obstructing. Read the bill explainer. Amends KSA 21-5911. (Effective July 1, 2012. HB2318§22; 2012 Session Laws, chapter 150)

j. Explosives, Criminal Possession

The amendment adds "without proper authority" to the criminal disposal (distribution) of explosives. It also clarifies we do not have to prove the offender knew a person they give explosives to is under 21 for the charge of providing explosives to a person under 21. Read the bill explainer. Amends KSA 21-6312. (Effective July 1, 2012. HB2318§26; 2012 Session Laws, chapter 150)

k. Human Trafficking

This amendment clarifies the provisions of aggravated human trafficking. It is primarily a technical correction requiring the elements of human trafficking (non-aggravated) must be met for the crime of recruiting, harboring, transporting, providing or obtaining a person under the age of 18 to be used to engage in forced labor, involuntary servitude, or sexual gratification. Read the bill explainer. Amends KSA 21-5426. (Effective July 1, 2012. HB2318§5; 2012 Session Laws, chapter 150)

1. Inherently Dangerous Felony Definition

Abandonment of a child and Aggravated abandonment of a child, KSA 21-5605, are added to the crimes considered inherently dangerous felonies. Read the bill explainer. Amends KSA 21-5402. (Effective July 1, 2012. HB2318§4; 2012 Session Laws, chapter 150)

m. Intimidation of a Witness

The law on intimidation of a witness is amended to include preventing or dissuading any

victim or witness or person acting on behalf of a victim from making a report of the victimization to the SRS or any mandatory reporter as required in KSA 38-2223. Read the bill explainer. Amends KSA 21-5909. (Effective July 1, 2012. SB307§3; 2012 Session Laws, chapter 157)

n. Interference with Judicial Process

Interference with Judicial Process now includes interfering in a criminal investigation by 1) inducing a witness or informant to withhold or unreasonably delay producing any testimony, information, document or thing; 2) after being ordered by the court, withholding or unreasonably delaying producing any testimony, information, document or thing; 3) altering, damaging, removing, or destroying any record, document or thing with the intent to prevent it from being used as evidence; or 4) making, presenting or using a false record, document or thing material to a criminal case or investigation with the intent to mislead a justice, judge, magistrate, master or law enforcement officer. Read the bill explainer. Amends KSA 21-5905. (Effective July 1, 2012. HB2464§2; 2012 Session Laws, chapter 143)

o. Interference with Law Enforcement Officer

This amendment may be one of the most useful tools the legislature has given us this session. Up until now interference of a law enforcement officer has only included either the serving of process or falsely reporting a crime. This amendment adds: 1) reporting a particular person committed a crime knowing the information to be false; 2) providing any information to law enforcement the person knows to be false and intending the information to influence, impede, or obstruct the officer or agency; or 3) concealing, destroying or materially altering evidence with the intent to prevent or hinder the apprehension or prosecution of any person. A violation is an A misdemeanor for non-felony cases, a SL8 felony for falsely reporting a particular person committed a felony or for the evidence provision in the case of a felony, and a SL9 for other false information in the case of a felony. Read the bill explainer for HB2318; Read the bill explainer for HB2534. Amends KSA 21-5904. (Effective July 1, 2012. HB2318§20; 2012 Session Laws, chapter 150 and HB2534§2; 2012 Session Laws, chapter 119)

p. Legal Process, Simulating

The current law only covers judicial process. The amendments change that to legal process. So any kind of process covered by statute even if not directly a court or judicial process is now clearly included. For example, a fake debt collection notice, a fake eviction notice, and other similar notices or processes provided for by statute are now covered. Read the bill explainer. Amends KSA 21-5907. (Effective July 1, 2012. HB2318§21; 2012 Session Laws, chapter 150)

q. Murder, First Degree

The first degree murder statute includes a list of "inherently dangerous felonies" which establish a violation if a death occurs during the commission, attempt to commit, or flight from one of the listed crimes. This amendment adds a violation of KSA 21-5605, abandonment of a child or aggravated abandonment of a child to that list of crimes. Read the bill explainer. Amends KSA 21-5402. (Effective July 1, 2012. HB2318§4; 2012 Session Laws, chapter 150)

r. Recordings, Possession of Unlawful

The law has covered unauthorized duplication and distribution of unlawfully duplicated recordings. But the law has not covered knowingly possessing such recordings. The

amended law provides for a class B misdemeanor for knowingly possessing unlawfully duplicated recordings. Read the bill explainer. Amends KSA 21-5806. (Effective July 1, 2012. HB2318§18; 2012 Session Laws, chapter 150)

s. Unlawful Sexual Relations

The unlawful sexual relations statute, pertaining to consensual sexual acts by certain person in positions of control, has additional provisions to cover SRS contractors; for all SRS employees/contractors when the victim is in SRS custody; a worker, volunteer, or other person of authority in a foster home licensed by KDHE when they engage in consensual sex, lewd fondling or touching, or sodomy with a foster child age 16 or over; in schools it adds lewd fondling or touching and sodomy by a teacher or other person of authority. Clarification is added when the provisions of other statutes are violated which apply instead of this one. Read the bill explainer. Amends KSA 21-5512. (Effective July 1, 2012. HB2613\\$1; 2012 Session Laws, chapter 138)

2. Traffic Law

a. DUI

Follow-up bill to SB6 passed last year. A DUI Commission recommendation to criminalize evidentiary test refusal after the first offense is implemented. Provisions for KBI approval of preliminary drug test devices are also amended. See attachment A for more details. Read the bill explainer. Amends several DUI related statutes. (Effective July 1, 2012. Session Laws, chapter 172)

b. Vehicle Weight Restrictions

Trucks used for garbage, refuse or solid waste, and trucks mounted with a fertilizer spreader designed to spread animal dung are no longer subject to the gross weight table in KSA 8-1909. Instead they are restricted to 60,000 lbs for a three axle vehicle and 40,000 lbs for a two axle vehicle. Read the bill explainer. Amends KSA 8-1901. (Effective July 1, 2012. SB298§1; 2012 Session Laws, chapter 26)

c. Registration

1. 30 60-day tags

The temporary tags and the provision allowing a tag to be used on a purchased vehicle until transferred is changed from a 30 day period to a 60 day period. Read the bill explainer. Amends KSA 8-127, 8-135, 8-135c, 8-143, 8-198, and 8-2409. (Effective July 1, 2012. SB300§1, 2, 3, 4, 5, and 6; 2012 Session Laws, chapter 130)

2. Antique Tags

For tags originally issued after 1976, the tag may display a renewal sticker for the year of the vehicle. Replacement stickers will be made available after January 1, 2013, by the Kansas Division of Vehicles. Read the bill explainer. Amends KSA 8-172. (Effective July 1, 2012. HB2599§1; 2012 Session Laws, chapter 45)

3. Ducks Unlimited Specialized Tag

Yes, yet another specialty tag. Read the bill explainer. New statute. (Effective January 1, 2013. SB300§7; 2012 Session Laws, chapter 130)

4. Fleet vehicle tags

Fleet vehicle registration plates are permanent and are not required to have a date decal on them. They are not transferrable and remain with the vehicle until removed from the fleet they are registered to. The definition of fleet vehicle is also amended dealing primarily with the fees they pay. These tags will have the word "commercial" on them. Read the bill explainer. Amends KSA 8-1,152. (Effective July 1, 2012. HB2557§3; 2012 Session Laws, chapter 87)

5. Masonic Lodge Specialized Tag

And another specialty tag. Read the bill explainer. New statute. (Effective January 1, 2013. SB300§8; 2012 Session Laws, chapter 130)

3. Investigatory operations

a. Scrap metal

The provisions in the bill passed last year included a provision relating to wire or cable marked by a utility company with the sheathing removed. That provision was supposed to be removed but was not. Effective April 5, 2012, the provision was struck. It also made another change regarding renewal fees in response to an attorney general's opinion pointing out erroneous wording in last year's bill. Read the bill explainer. Amends KSA 50-6,111 and 50-6,1112a. (Effective April 5, 2012. HB2470§1 and 2; 2012 Session Laws, chapter 38)

b. Search of probationers and parolees

Law enforcement officers will be permitted to search persons on parole or probation and their effects, vehicle, residence and property with reasonable suspicion they have committed a crime or are in violation of their probation/parole conditions. This authorization includes a prohibition of "arbitrary or capricious searches or searches for the sole purpose of harassment." The statute also requires a written report of every such search to be filed with the offender's parole officer, court services officer, or community correctional services officer no later than the end of the following business day. The report must include the facts leading to the search (the reasonable suspicion a new crime was committed by the person or the person was in violation of their conditions), the scope of the search, and the findings resulting from the search. The law does not allow the law enforcement officer to take any action on a condition violation other than to report it to the supervising agent. This provision does not appear to apply to the search of juveniles. Word of Caution: We need to use this very wisely or they will take this away from us. Read the bill explainer. Amends KSA 21-6607 and 22-3717. (Effective July 1, 2012. SB159§1 and 2; 2012 Session Laws, chapter 70)

4. Firearms and Concealed carry

a. Carrying handgun while hunting, fishing, or fur harvesting

The Kansas Dept. of Wildlife, Parks and Tourism is prohibited from making any rule or regulation preventing a person from carrying a handgun while lawfully hunting, fishing or fur harvesting. Read the bill explainer. Amends KSA 32-1002. (Effective July 1, 2012. HB2491§1; 2012 Session Laws, chapter 49)

5. Jail Operations

a. Bonds

Several bond statutes have been amended with technical amendments as a result of the changes to the drug grid to five levels. No substantive change in application. Read the bill explainer. Amends KSA 22-2802 and 22-3604. (Effective July 1, 2012. HB2318§39 and 42; 2012 Session Laws, chapter 150)

b. Transfer to DOC

County and District Attorney reports are no longer required to go to DOC when a prisoner is

transferred unless they contain special facts not contained in other reports provided. This may be on a form provided by DOC. Read the bill explainer. Amends KSA 22-3427 and 22-3432. (Effective July 1, 2012. HB2055§1 & 2; 2012 Session Laws, chapter 28)

6. Juvenile Offenders

a. Placement in detention facility

The placement of a juvenile into a detention facility is dependent upon the existence of at least one of ten conditions listed in statute. One of those has been that they are "alleged to have committed" a crime that would be a felony or other specified non-felony crimes. As amended, the statute requires "probable cause to believe that the juvenile has committed" such offenses. The rules also are amended to require specific probable cause findings to hold the juvenile longer than 48 hours. Read the bill explainer. Amends KSA 38-2331 and 38-2343. (Effective July 1, 2012. SB320§1 and 2; 2012 Session Laws, chapter 69)

b. Offender commitment, juveniles

The statute controlling commitments of juveniles received technical amendments as a result of the changes to the drug grid to five levels. No substantive change in application. Read the bill explainer. Amends KSA 38-2369, 38-2374, 38-2376. (Effective July 1, 2012. HB2318§47, 48, and 49; 2012 Session Laws, chapter 150)

Also see "Juveniles Committing New Crimes While in Juvenile Correction Facility" in section E, Sentencing Legislation.

7. Other issues of interest to line operations

a. Electronic cigarettes, sales to minors

It is unlawful to sell, furnish, or distribute electronic cigarettes to a minor. Read the bill explainer. Amends KSA 79-3301, 79-3303, and 79-3321. (Effective July 1, 2012. HB2324; 2012 Session Laws, chapter 127)

b. Mental health information available to officers

The law passed last year allows law enforcement access to medical information limited to whether the person has been a patient within the last 6 months in a treatment facility but required the person to be arrested prior to obtaining the information. It is amended this year to provide the information is available when law enforcement has the person detained and has reason to believe the person is committing, has committed, or is about to commit a misdemeanor or felony. This is not available if the person is stopped for a traffic or smoking infraction. Read the bill explainer. Amends KSA 65-5603. (Effective July 1, 2012. HB2600§1; 2012 Session Laws, chapter 39)

c. Nuisances, criminal

The criminal nuisance statutes have technical amendments as a result of the changes to the drug grid to five levels and moving the drug statutes to chapter 21, article 57. No substantive change in application. Read the bill explainer. Amends KSA 22-3901. (Effective July 1, 2012. HB2318§44; 2012 Session Laws, chapter 150)

d. Protection Orders

A court may extend a protection order for a period from 2 years to the life of the defendant if the defendant has previously violated a protection order or has been convicted of a person felony committed against the plaintiff. Violation of an extended order is a SL6 person felony. Read the bill explainer. Amends KSA 21-5924 and 60-3107. (Effective July 1, 2012. HB2613§2 and 5; 2012 Session Laws, chapter 138)

e. Protection from Stalking Orders

A petition for a protection from stalking order may now be filed with any district court instead of only with the court in the county of the stalking case. Upon motion of the plaintiff the court may extend the protection from stalking order for an additional year, and may also extend the order for a period from 2 years to the life of the defendant if the defendant has previously violated a protection order or has been convicted of a person felony committed against the plaintiff. Violation of the new extended order is a SL6 person felony. Read the bill explainer. Amends KSA 21-5924, 60-31a04 and 60-31a06. (Effective July 1, 2012. HB2613§2, 6 and 7; 2012 Session Laws, chapter 138)

f. Smoking

The no smoking statutes were amended to implement the new criminal culpability terms put in place last year. These create no substantive change in our application of the law. There is no need to prove intent or knowledge of the law in order to charge and convict on these smoking infractions. Read the bill explainer. Amends KSA 21-6110 and 21-6112. (Effective July 1, 2012. HB2318§24 and 25; 2012 Session Laws, chapter 150)

B. DRUG ENFORCEMENT LEGISLATION (Also see Attachment E for more details)

1. Communication Facility, Use of

Several technical amendments were made updating the statute with the new Chapter 21, Article 57 statute references. <u>Read the bill explainer</u>. Amends KSA 21-5707. (Effective July 1, 2012. <u>HB2318</u>§11; 2012 Session Laws, chapter 150)

2. Cultivation

Severity levels of cultivation are changed. They are no longer determined by prior convictions but by the quantity of the plants cultivated. See Attachment E for more details. Read the bill explainer. Amends KSA 21-5705. (Effective July 1, 2012. HB2318§9; 2012 Session Laws, chapter 150)

3. Distribution

Severity levels of distribution are changed. They are no longer determined by prior convictions but by the quantity of the drugs distributed. Quantity is defined as the weight of the product distributed including any cutting agents. Including the cutting agents avoids the need to determine the purity of the distributed product. It also is only right since that is how the dope dealers are peddling it. The amendments also establish a "rebuttable presumption" of intent to distribute based on quantities in the offender's possession. See Attachment E for more details. Read the bill explainer. Amends KSA 21-5705. (Effective July 1, 2012. HB2318§9; 2012 Session Laws, chapter 150)

4. Distribution of non-controlled substance represented to be a controlled substance

A provision is added to the statute which provides an offender who sells such a non-controlled substance represented to be a controlled substance may also be charged with theft by deception. See Attachment E for more details. Read the bill explainer. Amends KSA 21-5714. (Effective July 1, 2012. HB2318§16; 2012 Session Laws, chapter 150)

5. Drug Crimes, Definitions

Several definitions were amended. *Drug paraphernalia* now excludes items listed in KSA 21-5709 subsection (a) which are precursors for manufacturing drugs. *Manufacture* no longer includes any packaging or repackaging of the substance or labeling or relabeling of its

container. *Manufacture* also no longer includes the addition of diluents or adulterants used for cutting a controlled substance. See Attachment E for more details. <u>Read the bill explainer</u>. Amends KSA 21-5701. (Effective July 1, 2012. <u>HB2318</u>§7; 2012 Session Laws, chapter 150)

6. Drug Sentencing Grid

The drug grid is expanded to five levels with the new level midway between what was SL1 and SL 2. This requires a lot of statutes to be amended with technical amendments changing drug severity levels 2-4 to levels 3-5. Those changes result in no change to the length of sentence. The amendments also add two new "border boxes" to the grid for severity level 5, categories C and D. The primary changes are in distribution and manufacturing sentencing provisions. See manufacturing and distribution under this section of the document for more details. Also see Attachment E for more details. Read the bill explainer. Amends KSA 21-6805. (Effective July 1, 2012. HB2318§33; 2012 Session Laws, chapter 150)

7. Manufacturing

The first offense of manufacturing now is a SL2 crime (the new level in the drug grid) unless it was meth that was manufactured (which is always a SL1 crime). Second or subsequent convictions are a drug severity level 1 crime. Read the bill explainer. See Attachment E for more details. Amends KSA 21-5703. (Effective July 1, 2012. HB2318§8; 2012 Session Laws, chapter 150)

8. Prescription Drug Monitoring

The information in the Prescription Drug Monitoring has only been available to law enforcement with a court order relating to an ongoing criminal investigation. This amendment will allow the Board of Pharmacy to report to "the appropriate law enforcement agency" when the Pharmacy Board has reasonable suspicion a crime has been committed. In another section of the bill a new SL10 nonperson felony is created for obtaining or attempting to obtain prescription monitoring information without authority. A Word of Caution: It is already a SL10 non-person felony for anyone authorized to have information from the Prescription Monitoring program to share that information in violation of the act. So only share it with law enforcement and the prosecutors as required to investigate and prosecute. Read the bill explainer. Amends KSA 65-1685 and KSA 65-1693. (Effective May 17, 2012. SB134§5 & 6; 2012 Session Laws, chapter 107)

9. Proceeds from illegal drugs

The severity level of receiving or acquiring drug proceeds of \$250,000 to \$500,000 is increased to the new SL2 on the drug grid. See Attachment E for more details. Read the bill explainer. Amends KSA 21-5716. (Effective July 1, 2012. HB2318§17; 2012 Session Laws, chapter 150)

10. Schedules, Drug

a. Definitions

Definitions in Article 41 of Chapter 65 now include definitions of cultivate, controlled substance analog, and isomer. This will have limited impact on law enforcement. Read the bill explainer. Amends KSA 65-4101. (Effective May 17, 2012. SB134§7; 2012 Session Laws, chapter 107)

- b. Schedule IV Adds *Carisoprodol* to the schedule. Read the bill explainer. Amends KSA 65-4111. (Effective May 17, 2012. SB134§8; 2012 Session Laws, chapter 107)
- c. Schedule V Adds *Ezogabine N-[2-amino-4(4-fluorobenzylamino)-phenyl]-carbamic acid ethyl ester* to the schedule. Read the bill explainer. Amends KSA 65-4113. (Effective May 17, 2012. SB134§9; 2012 Session Laws, chapter 107)
- d. New law that pharmaceutical companies and distributors may not provide samples of any

drugs on schedules II, III, IV or V except non-narcotic depressants in Schedule V affecting the central nervous system. This is a regulatory law and not a criminal law. Read the bill explainer. New Statute. (Effective May 17, 2012. SB134§11; 2012 Session Laws, chapter 107)

11. Technical Amendments

The change of the grid to five levels resulted in many technical corrections throughout the drug statutes. Most of these are simply converting to the new grid level to maintain the same sentencing provisions. However, there are other technical amendments included that clean up some provisions from the earlier changes to chapter 21, article 57. Read the bill explainer. Various statutes in chapter 21, article 57. (Effective July 1, 2012. HB2318; 2012 Session Laws, chapter 150)

C. ALCOHOL ENFORCEMENT LEGISLATION

Refusal of Evidentiary Test

Evidentiary test refusals are now criminalized after the first offense. The penalty is generally the same as the penalty for DUI for the offenders DUI related history. There are still administrative penalties as well. So there is still the requirement for the forms and administrative hearings—for now. Updated DC27, DC28, DC70 and CDL5 forms are required on and after July 1, 2012.

The required time for interlock devices on all refusals is increased by one year.

A person suspended for test refusal cannot apply for interlock provisions for 90 days. This is increased from 45 days.

Preliminary Drug Testing Devices

The KBI requested the law to be changed to remove the deadline and mandate for creating a list of approved devices for saliva based preliminary drug screening. (See Section 38 of the bill amending KSA 75-712h.) The change also removes the requirement that only devices with such approval can be used for saliva based preliminary drug screening. (See Section 14 of the bill amending KSA 8-1012.) Work with your local prosecutors regarding the use of preliminary drug screening device.

\$250 Portion of Fine Cannot Be Retained By Cities

Last year the fines for DUI were increased by \$250 with that amount to go to the state general fund. The intent was for the money to go to the state from the city courts as well as district courts. However, they didn't say that in the statute and most cities were retaining it. This year they made their intent clear. The funds must be sent to the state where they are directed to the Community Corrections Supervision Fund.

Time Served in Work Release or House Arrest

The bill last year failed to correct the hours that must be served in House Arrest or Work Release prior to release. Third or subsequent offenders are required to serve a minimum of 2160 hours in house arrest or work release.

Consent Advisory

The consent advisory, therefore the forms, are revised due to the changes in criminalization of evidentiary test refusals.

Interlock Restrictions

A first time offender on interlock restriction can drive an employer's vehicle.

Additional permissible driving purposes for while on interlock restrictions for both test refusal and for test failure.

Vehicle Impoundment and Other Provisions Stricken

The vehicle impoundment provision, the revocation of license plate provision and the provisions regarding habitual violators in KSA 8-1567 are stricken

Several changes are made to assessment provisions and for indigency determinations.

See Summary Document

- Sexual battery is no longer included in the definition of sexually violent crime since KSA 22-4902a has been repealed. - Aggravated human trafficking is no longer restricted to crimes with a victim under the age of 18. §5 subsection (d)(6)

- At the time of sentencing or disposition for an offense requiring registration ensure the age of the victim is documented in the journal entry

Expungements

- Clarifies an expungement does not end the requirement to register §8 subsection (e)
- Expungements are no longer allowed for an offender while required to register. This is in a different bill, SB322\\$3, 4, and 13

Throughout the statutes, "adjudication" is added to the term "conviction" in most, but not all, places it is used. Conviction is still used by itself in the sentencing provisions, in references to out of state convictions, registration requirement statutes, and a few other places.

DRUG GRID, DISTRIBUTION, MANUFACTURE

ATTACHMENT E

HB2318; 2012 Session Laws, chapter 150

Effective July 1, 2012

Read the bill explainer

- A new drug sentencing grid with five levels is created. A new level 2 is added midway between the current severity levels 1 and 2. The grid makes levels 5C and 5D (formerly levels 4C and 4D) border boxes.
- Offenders determined by a drug abuse assessment to be high risk, and by the criminal risk
 assessment to be a moderate or high risk, are to be committed to a drug-abuse treatment program
 and supervised by community correctional services. Those not assessed at those risk levels are
 supervised either by community correctional services or court services. The court retains the right
 to order any of these offenders to drug risk assessment, and drug abuse treatment if the
 assessment establishes the need.
- The bill deletes the packaging or repackaging of a substance or labeling or relabeling its container from the definition of "manufacture" and removes the addition of diluants or adulterants from the crime of manufacturing.
- The definition of "drug paraphernalia" no longer includes certain drug precursors.
- Severity levels for KSA 21-5703, manufacture or attempted manufacture of a controlled substance or controlled substance analog:
 - o Change a first conviction to a drug severity level 2 felony for a first conviction. Second and subsequent offenses remain a drug severity level 1 felony; and
 - All offenses of manufacturing methamphetamine remains a drug severity level 1 felony.
- Severity levels for KSA 21-5705, distribution is now based on quantity:
 - o Less than 3.5 grams, severity level 4;
 - o At least 3.5 grams but less than 100 grams, severity level 3;
 - o At least 100 grams but less than 1 kilogram, severity level 2; and
 - o 1 kilogram or more, severity level 1.

The bill would create exceptions to these penalties, as follows:

- For violations involving marijuana:
 - Less than 25 grams, severity level 4;
 - At least 25 grams but less than 450 grams, severity level 3;
 - At least 450 grams but less than 30 kilograms, severity level 2; and
 - o 30 kilograms or more, severity level 1 felony.
- For violations involving heroin or methamphetamine:
 - Less than 1 gram, severity level 4;
 - At least 1 gram but less than 3.5 grams, severity level 3;
 - At least 3.5 grams but less than 100 grams, severity level 2; or
 - o 100 grams or more, severity level 1.
- For substances sold by dosage units have the following felony classifications:
 - Fewer than 10 dosage units, severity level 4;
 - At least 10 dosage units but less than 100 dosage units, severity level 3;
 - At least 100 dosage units but less than 1,000 dosage units, severity level 2; and
 - o 1,000 dosage units or more, severity level 1.
- Violations occurring within 1,000 feet of school property increases the severity level by 1 level.
- The crime of distribution or possession with the intent to distribute a controlled substance listed in schedule V would be a class A person misdemeanor, except that if distributed to or possessed with the intent to distribute to a minor, it would be a nondrug severity level 7, person felony.
- For cultivation of a controlled substance the sentence is based on the number of plants cultivated:

- o More than 4, but fewer than 50, severity level 3;
- o At least 50, but fewer than 100, severity level 2; or
- o 100 or more, severity level 1.
- A rebuttable presumption of intent to distribute is created for possession of the following amounts of controlled substances:
 - o 450 grams or more of marijuana;
 - o 3.5 grams or more of heroin or methamphetamine;
 - o 100 dosage units or more of a controlled sold by dosage units; or
 - o 100 grams or more of any other controlled substance.
- The bill also would amend KSA 21-5705 to bar the use of certain defenses and define some key terms.
- Distribution of paraphernalia or causing paraphernalia to be distributed to a minor on or within 1,000 feet of any school property is amended by striking the requirement that the offender be 18 or older.
- A person prosecuted for the distribution or possession with the intent to distribute a noncontrolled substance as a controlled substance may additionally be prosecuted for theft by deception.
- Obtaining proceeds derived from the commission of any drug crime for proceeds of \$250,000-\$500,000, the severity level becomes the new level 2 drug felony.
