Rental Cars Can Have Fleet Registration Plates Effective Jan. 1, 2020

Effective January 1, 2020, rental car companies registering 250 or more passenger vehicles, cars, light trucks, and vans under 12,000 pounds may be issued fleet registration plates. Kansas rental car fleet tags will start with the letter "R". Fleet tags do not have renewal stickers on the plate. To qualify, the vehicle rental period cannot exceed 28 days.

You will continue to see rental vehicles with regular Kansas plates for smaller rental companies and those choosing not to use the fleet registration.

The details are provided in [K.S.A. 8-1,189](#).
