

**Child Victims of Human Trafficking
Placement Assistance for Law Enforcement**

Call DCF Hotline (“Child Protective Services Report Center”)
Always tell the hotline operator that the report is about “Human Trafficking” –
this triggers a separate response system at DCF
800-922-5330

Instead of contacting the DCF Hotline, law enforcement meets the requirement of contacting DCF (whenever a child is taken into PPC as a CINC HT victim) by calling the foster care providers directly. These are St. Francis and KVC.
